

## **State of Maryland's Adopt A Highway Program**

Roads in Montgomery County that have a number associated with them, such as MD355 for Rockville Pike, are State roads. The County's Adopt A Road program refers organizations who wish to adopt a State road to the Maryland State Highway Administration's (MSHA) **Adopt A Highway** program.

MSHA's District 3 serves Montgomery County. It has two depots that handle Montgomery County issues, identified as Gaithersburg and Fairland. The Gaithersburg depot is assigned the area west of Georgia Avenue (MD97), excluding Bethesda. The Fairland depot is assigned Bethesda and the area east of Georgia Avenue. Each depot has an Adopt A Highway contact as noted below. The program also has an overall coordinator. See the State's website at [www.marylandroads.com](http://www.marylandroads.com)

**MSHA:** John Lohmeyer, Resident Maintenance Engineer (RME)  
**District 3** 502 Quince Orchard Rd.  
**Gaithersburg** Gaithersburg, Maryland 20878
